4	INTRODUCTION	•Hunter Plastics Limited
5		•Hunter Commitments
6-7	0.01	APPROVALS
	0.01	•Purpose
	0.02	•Authority
	0.03	•Standards/Approvals
8-24	1.00	APPLICATION CRITERIA
9	1.01	ADVANTAGES OF PVCu DRAINPIPE • Identification Pointers
9	1.02	PIPE DIMENSIONS: • Design of drainage or sewerage systems • Pipe sizing and gradients
9/10	1.03	RECOMMENDED MIN GRADIENTS FOR FOUL DRAINS: • Choice of gradients • Hydraulic performance • Flow rate graph • Pipe sizing - foul drains • Calculating proportional flow
11/14	1.04	FLOW RATES: • Graph for converting discharge units to flow rates (L/S) • Discharge unit values/flow rates for common appliances • Discharge rates cont-
15/19	1.05	DESIGN INFORMATION: • General layout • Alternative pipe depth arrangements • Access to Drains • Access Fittings • Ventilation • Inspection Chambers, Access and Manhole sizing • Minimum dimensions for Rodding Eyes, Access Fittings, Inspection Chambers and Manholes • Alternative drain layouts
20/22	1.06	RODDING POINT SYSTEM: • Head of drain access • Shallow rodding point • Rodding point for deeper inverts • Ramped rodding point • Blind connections on drain runs • Traditional systems with manholes
25-34	2.00	UNDERGROUND DRAINAGE
23	2.01	PIPE: • Plain ended • Single socketed • Single socket - land drainage
24	2.02	SOCKETS: • Single • Double • Slip Coupling
25	2.03	ACCESS FITTINGS: • Access cap/solv. tail • Access cap/spgt. tail • Socket plug • Access bend 87.1/2" • Rodding point - PVCu exp. tail • Sealed access • Access pipe sgt. tail • Single equal branch -exp. skt/spgt. tail
26	2.04	JUNCTIONS: • Single equal exp. skts/spgt tail • Single equal exp.skts/exp. tail • Single unequal-exp.skts/spgt
26	2.05	BENDS - SHORT RADIUS: • Adjustable bend • Exp. skt/spgt tail • Exp. skt/exp. tail
27	2.06	BENDS LONG RADIUS: • 110mm - 456mm radius/160mm - 686mm • 110mm - 300mm radius • Rest bend - 200mm radius • Rest bend - triple exp. skt - 200mm radius
27	2.07	REDUCERS: • Level invert
27	2.08	NON RETURN VALVES:
28	2.09	SHORT BOSS PIPE:
28/29	2.10	DRAIN CONNECTORS: • PVCu to GVC or CI socket • PVCu to vitrified clay • PVCu to thin wall clayware skts/couplings • PVCu to thin wall clayware spgts (PVCu) • PVCu to GVC or CI Spigot • Inspection chamber to clayware adaptors • Multi purpose adaptor • Waste adaptor • 'Eazisleeve' PVCu to clay pipe adaptor
29	2.11	GULLIES AND TRAPS: • Multi gully trap • P trap • Bottle gully inc. grid/rodding eye • Raising piece for DS46 • Raising piece for DS49 • Square top bottle gully • Square top accessory
30	2.12	GULLY ACCESSORIES: • Square grating • Back inlet plate • Sealed cover plate • Sealed back inlet plate
30	2.13	SQUARE HOPPER: • Square hopper • Back inlet hopper
30	2.14	DRAIN LEAF GUARD: • Drain leaf guard

CONTENTS LIST CONT-

25-34	2.00	UNDERGROUND DRAINAGE CONT-
31	2.15	CHANNEL PIPE PLAIN ENDED: • Pipe plain ends • Bends short radius - 3/4 section 45° • Bends short radius - 3/4 section 87 1/2° • Single equal branch-exp. skts/spgt tail
31/32	2.16	INSPECTION CHAMBERS: • Chamber base (polypropylene) 263mm invert • Spare blanking plug • Chamber base 260mm invert • Ring seal for DS51 only • Raising piece (160mm effective height) • Cast iron cover and reversible grate (Class C BS497) • 250mm x 110 chamberbase (polypropylene) • Raising piece (205mm effective height) Aluminium frame and cover • PVCu frame and cover - round (sealed unit) • PVC frame and cover - square • Rubber 'O' to form sealed access for DS39 only
35-38	3.00	SEWER
36	3.01	PIPE: • Plain Ended • Pipe - Socketed
36	3.02	SOCKETS: • Sockets - Single • Sockets - Double
36	3.03	BENDS SHORT RADIUS: • Expansion Socket/Spigot Tail
37	3.04	JUNCTIONS: • Single Equal Expansion Sockets/Spigot Tail Single Unequal-Exp. • Skts/Spigot Tail
37	3.05	ACCESS FITTINGS: • Access Pipe • Socket Plug
37	3.06	REDUCERS: • Level Invert
38	3.07	ANCILLARIES AND SPARES: • Lubricant • Solvent Cement (BS6209) for PVC/ABS and MUPVc • Solvent Cleaner • Silicone Spray
39-41	4.00	PRODUCT CHARACTERISTICS
40	4.01	HANDLING:
40	4.02	STORAGE:
409	4.03	MATERIAL:
41	4.04	COLOUR:
41	4.05	CHEMICAL RESISTANCE:
41	4.06	THERMAL PROPERTIES:
42-51	5.00	INSTALLATION DETAILS
43	5.01	GENERAL INSTALLATION:
43	5.02	SINGLE DWELLING UP TO 2 STOREYS:
43	5.03	MULTI DWELLINGS ABOVE 3 STOREYS:
43	5.04	JOINTING:
43	5.05	PUSH-FIT EXPANSION:
43	5.06	SOLVENT WELD CEMENTING:
43	5.07	STORAGE AND SHELF LIFE:
44		General Jointing Inf - Refers to 6.04 to 6.06
45	5.08	TRENCH PREPARATION:
46/ 49	5.09	BEDDING AND BACKFILLING PROCEDURES: • Laying pipes on trench bottom in granular material • On granular beds • Sidefill • Backfill • Suitability tests for Soil/Granular material, for use in backfill/bedding - particle size & ease of compaction - Results
50/51	5.10	BEDDING AND BACKFILLING PVCu DRAINS UNDER BUILDINGS:
50/51	5.11	BEDDING AND BACKFILLING DRAINS AT SHALLOW DEPTHS:
52-59	6.00	SYSTEM CONNECTIONS
53/59	6.01	• Connections to other materials • Cast iron drainpipe • Clay socket • Cast iron socket • Thin and thick wall clay spigot • Thin wall clay pipe coupling • Inspection chamber/drain fittings/shallow access chamber • Drain connectors • Existing PVCu • Boss connections • Rainwater pipe to bottle gully back entry

CONTENTS LIST CONT-

60-77	7.00	MANHOLES AND INSPECTION CHAMBERS
61	7.01	ACCESS TO DRAINS:
61	7.02	PREFORMED PLASTICS INSPECTION CHAMBERS:
62	7.03	MANHOLES:
62	7.04	450mm DIA. INSPECTION CHAMBERS:
63	7.05	GEN. INSTALLATION FOR ALL INSPECTION CHAMBERS:
64	7.06	250mm INSPECTION CHAMBERS:
65	7.07	INSTALLATION OF 250mm INSPECTION CHAMBERS:
66	7.08	SHALLOW ACCESS CHAMBERS:
67	7.09	CHAMBER BASES USING SIDE INLETS:
68/69	7.10	INSTALLATION OF SEALED ACCESS FITTINGS:
69	7.11	RODENT CONTROL:
70	7.12	DRAINS WITH BUILDINGS:
71/72	7.13	NON-RETURN VALVE DS342/DS442:
73	7.14	NON-RETURN VALVE INSTALLATION NOTES:
74	7.15	BACK DROP MANHOLES OR TUMBLING BAYS:
75	7.16	TRADITIONAL MANHOLE SYSTEM:
76/77	7.17	INSTALLATION OF CHANNEL FITTINGS:
78-88	8.00	GULLIES
79	8.01	GULLY INTRODUCTION: • Roddable bottle gully • Support • Drain connection • Standards
81/82	8.02	BOTTLE GULLY: • DS46 bottle gully • DS48 raising piece • DS46/48 inst. • Bottle gully with square top - DS44 inst. • Gully applications • Rainwater pipe to bottle gully back entry • Rainwater pipe to bottle gully grating • Surface water run-off to bottle gully
83/84	8.03	MULTI-GULLY TRAP: • Prod. details • Gully trap arrangements, 'P', 'Q' and 'S' traps
85	8.04	GULLY COMBINATIONS:
86/87	8.05	'P' GULLY TRAP: • 'P' gully trap (DS1) installation
88	8.06	COURTYARD GULLY: • Trapped installation - foul water connection • Untrapped installation - surface water connection
89-94	9.00	LAND DRAINAGE PERFORATED PIPES
90	9.01	GENERAL INFORMATION: • The use of Hunter land drainage perforated pipes - General • Surface water drainage • Ground water drainage • Dispersal of septic tank effluent • Septic tank pipework
91	9.02	SURFACE WATER DRAINAGE:
92/93	9.03	GROUND WATER DRAINAGE:
94	9.04	DISPERSAL OF SEPTIC TANK EFFLUENT
95-98	10.00	CHEMICAL RESISTANCE
96/98	10.01	CHEMICAL RESISTANCE:
99-102	11.00	RODDING AND TESTING
100	11.01	TESTING AND RODDING: • Head of drain access • Rodding
101	11.02	RODDING ACCESS FITTINGS:
101	11.03	INSTALLATION OF SEALED RODDING ACCESS FITTINGS:
102	11.04	JETTING:
102	11.05	ACCESS FOR CLEANING:
103-104	12.00	MAINTENANCE
102	12.00	MAINTENANCE FREE:
105-108	13.00	VERTICAL CONNECTIONS
106	13.01	CONNECTION OF INTERNAL WASTE PIPE:
106	13.02	CONNECTION OF INTERNAL RAINWATER SOIL/WASTE PIPE:
106	13.03	CONNECTION OF EXTERNAL HUNTER HALF ROUND RAINWATER PIPE:
106	13.04	CONNECTION OF EXTERNAL RAINWATER PIPE:
106	13.05	CONNECTION TO 110MM HUNTER DRAIN SOCKET:
107	13.06	CONNECTION OF INTERNAL WASTE PIPES TO UNDERGROUND DRAIN: FIGURE 1
108	13.07	CONNECTION OF INTERNAL RAINWATER SOIL/WASTE PIPE: FIGURE 2
109-111	14.00	DRAIN CONNECTIONS
110	14.01	CONNECTION DETAILS:
110	14.02	SURFACE WATER CONNECTIONS:
111	14.03	CONNECTIONS TO OTHER MATERIALS:
111	14.04	SOIL PIPE CONNECTION:
111	14.05	SOIL PIPE CONNECTION - LONG RADIUS:

Hunter

About Hunter Plastics

Hunter Plastics has earned its place as a UK leader in the above and below ground gravity drainage market. At Hunter we firmly believe that our customers' needs are all about service. And, that ethos has to extend throughout the three vital elements of the company's success: Processes, Products and People.

- **Brian Blanchard**, Managing Director of Hunter Plastics Ltd
- **Processes:** All of Hunter's processes are accredited to ISO 9001 with the single aim of getting it right, first time, every time.
- **Products:** We make it our business to listen to our customers and give them the products that they are asking for. We lead the market in product quality with all of our ranges meeting or exceeding all relevant UK and European standards.

Brian Blanchard, Managing Director of Hunter Plastics Ltd

- **People:** Hunter has been recognised as an 'Investor in People', acknowledging our commitment to train and develop all our staff to achieve our business objectives.

Quality Policy

The Company's Quality Policy is a declared commitment to design and manufacture of its products in a manner conforming to the relevant British/International standards or customer requirements.

FM 11001

The aim is to provide optimum customer satisfaction by maintaining an effective quality management system ensuring management, technical and production personnel are fully conversant with the Company's objectives. The Company will give full attention to the activities of design, manufacturing costs, performance reliability and personnel training which will be planned and developed in accordance with the requirements of BS EN ISO 9001: 2000.

Hunter Plastics are committed to exceeding its customer's expectations in everything that they do. Quality is designed into every product and process and is the responsibility of every employee.

All Hunter products are manufactured using a quality management system approved by BSI and conforming to BS EN ISO9001:2000. Where applicable product conforms to British and European standards.

We make it our business... to be committed to yours

Hunter commitments:

Company-wide commitment to customer service

Thorough quality control at every level

Accurate on-time delivery service

Innovative designs, offering unique product opportunities

Comprehensive sales and after-sales support

BS EN 4514
BS EN 1329
BS EN 1451
BS EN 5255

Certificate No.
