

Environmental Policy

Hunter Plastics Limited, part of the Aliaxis Group, is committed to improving environmental performance in accordance with Aliaxis Corporate Guidelines as part of our fully integrated Corporate Social Responsibility policy and via:

LEGISLATIVE COMPLIANCE

Hunter Plastics will comply with all applicable UK environmental legislation, statutory authority guidelines and industry standards

CONTINUAL IMPROVEMENT

Hunter Plastics will continue to develop new methods and systems to achieve ever higher standards of operation

MINIMISING ENVIRONMENTAL IMPACT

All Hunter Plastics operations will be controlled to minimise, as far as reasonably practicable, any risk of adversely affecting the environment

PREVENTION OF POLLUTION

Hunter Plastics will take positive action on environmental issues to preserve, and wherever possible, enhance the environment. Such issues are defined by a programme of objectives and targets, which will be reviewed on an annual basis

COMMUNICATION AND INFORMATION

Hunter Plastics will provide information on the environmental commitment and performance of the organisation through regular meetings and internal publicity information.
